Yesterday was a million years ago
In all past lives I played an asshole
Now I found you it's almost too late
And this earth seems obviating

We are tremblin' in our crutches
High and dead our skin is glass
And I'm so empty here without you
I crack my Xerox hand

I know it's the last day on earth
We'll be together while the planet dies
I know it's the last day on earth
We'll never say goodbye

And the dogs slaughter each other softly
Love burns it's casualties
We are damaged provider modules
Spill seeds at our children's feet
I'm so empty here without you
I know they want me dead

I know it's the last day on earth
We'll be together while the planet dies
I know it's the last day on earth
We'll never say goodbye

I know it's the last day on the earth
We'll be together while the planet dies
I know it's the last day on the earth
We'll never say goodbye

I know it's the last day on earth
We'll be together while the planet dies
I know it's the last day on earth
We'll never say goodbye

I know it's the last day on earth
We'll be together while the planet dies
I know it's the last day on earth
We'll never say goodbye
We'll never say goodbye

We'll never say goodbye

{You'll know this}
