{6:30, this mornin'
I can't hear ya
I woke at 6:30, this mornin' with a headache
Oh!
I wonder to take 'em or not}

{I wouldn't take 'em
I don't know, the headache is heavier than anythin' else
It's the first time that you took 'em?
Second
Yea}

{I had a little bit of a headache this mornin'
I wouldn't take 'em, Mom
I won't take 'em now 'cause I have a toothache that
hurts too
A little bit
I've taken everythin' I got, been thinkin'}

{All that blood pressure medicine you take and stuff
too
You shouldn't take those things
You're better off not to sleep than to take them
[Inaudible]
Oh, my God! No wonder you got a headache}

{Your pressure's probably sky high
Why don't, you gotta take that every day?
I try though
Are you crazy?
It's three days}

{That's probably, why you have a headache now
Did you take it today?
I did this mornin', yea
That's probably, why you have a headache 'cause your
pressure's up
Yea}

{I don't know, how you can forget to take it?
And when that's the only pill you take
I'm sorry, I have so many pills you'd be surprised

Well, the blood pressure pill is the most important one
Yea, I know}

{There ain't no other one as important as that one
I got one more and then I gotta get to the store, I got
two refills on it
You only got one pill?
I only take one a day
Well, yea but you shouldn't let 'em get that low}

{I guess not but I can take one and then go get some
more
They're expensive! If you have to pay for 'em,
Procardia?
No, the other one
Which ones?
I gotta pay for Procardia}

{Were you takin' that every day?
Yea
Well, that's the blood pressure pill, the heart pill, the
Procardia
And what's the other one?
Ah, H Y D R O T O N}

{Oh, that's somethin' to do with water and
And water and blood pressure
This one tag does say it's for blood pressure
Yea, I think it works like a water pill type pressure
But the Procardia's the important one}

{Yea
You have to take that every day
Yea
You should take that the first thing when you get up
Yea, I know}

{Well, how come you ain't got taken it?
I took it yesterday, the Procardia
Well, how come you didn't take it today?
I had the headache today
That's why you have a headache, you gotta take the
Procardia}

{Take it now
That's what it's for your headache!
It's to make your blood pressure come down
Yea
If you don't you're gonna, you'll have a stroke if you
don't take it}

{If you got a headache that bad, you're gonna have a stroke
I got a headache that bad this mornin'
Well, you better go take the Procardia, right now
I will, I'll take it when I hang up
You didn't take that other blood, blood pressure pill
either?}

{Yea, I did this mornin'
Well, you should take the Procardia right now
I'll take the Procardia in after nine, got a horrible
mornin'
Well, you
Why can't you see it?}

{Well, how long has it been since you took the
Procardia?
Three days
How many?
Three
Well, see, that's ridiculous, you better go take it right
now}

{I will
Then you'll find out your headache will go away
Yea
I've taken it now, the Procardia, just yet
Any other medicine you're takin' ain't that important}

{You ain't got nothin' but nerve pills
They ain't important
I take those every day
Well, the nerve pills ain't that important
The blood pressure, medicine's important}
