Don't wanna feel no more
Don't wanna feel no more
Don't wanna feel
Don't wanna feel

Sketch a little keyhole for looking-glass people
You don't want to see him you only want to be him
Mommy's got a scarecrow gotta let the corn grow
Man can't always reap what he sow

Don't wanna feel no more
Don't wanna feel no more
Pain
Pain

Give me... or give me death

Sketch a little keyhole for looking-glass people
You don't want to see him you only want to be him
Mommy's got a scarecrow gotta let the corn grow
Man can't always reap what he sow
