Dressed in black  
Cut the smile off my face  
Fill my mouth with heroin

She was the Sistine chapel  
Covered in suicide  
When I eat the sinner  
An Angel is crucified

God cant touch  
what he doesn't own  
When I die  
I'll go to a heaven of my own

Dressed in pink  
She shrouds the sun from my eyes  
Fill my lungs with heroin

The body of Christ  
The nails from her fingertips  
The blood of God  
A kiss from her red lips

God cant touch  
what he doesn't own  
When I die  
I'll go to a heaven of my own

Harridan Harlem Halleluja x4
