Electronic voice:

"go ahead and date a dead messiah, we can dig  
another grave"

Listen there is something that saved my name  
if you aren't hearing this there is nothing I can do  
something was grown in my chest  
and I've suffered and I've survived  
I followed its been dormant for many years  
I'm only trying to save you  
but I cannot come to save you  
but this is what you deserve  
this is what we deserve  
this is something your Lord got upon the cross

we did not offend none who were not offended  
you are not a victim  
and you are not an offender  
we all have cut off our names  
but I know a flaw in my name  
these are the dying years  
these are the dying years  
when you are suffering  
know that I have betrayed you.
