"Move Closer"

When we're together, touching each other and our
bodies do what we feel
When we're dancing, ooh, kissing and swaying to the
love songs softly playing
Move closer, move your body real close until we feel,
feel like we're really making love
Move closer, move your body real close until we feel,
feel like we're really making love

So when I say, "Sugar", and I whisper, "I love you",
well, I know you're gonna answer in the sweetest way of
saying, "My pretty baby
I love you too"
Well, there's much room for passion
There's no room for feelings when good love flows
smoothly between us, baby
Body heat, ooh

Move closer, move your body real close until we feel,
feel like we're really making love
Move closer, move your body real close until we feel,
feel like we're really making love
Move closer, move your body real close until we feel,
feel like we're really making love
