There is a place and time
Where we all learn right from wrong
So just sit back tonight
And let me rock you this song
I'll sing the words just for you

Hold on, hold on, I won't let you go
I'll make you safe tonight
Help you to be feeling right
Hold on, hold on now, hold on
I want you to know
I'll spend my lifetime
Healing your pain, are you lost
Oh, you lonely child

So come in close and tight
Now I won't do you no harm, no
I'll wrap you up tonight
And make you feel nice and warm, I will
So hear the words that call you

Kyrie, Kyrie, Kyrie...

Kyrie, Kyrie, Kyrie...
