Stay...

Don't ya stay away too long

Don't ya stay away too long

Away too long

Stay...

Don't ya stay away too long

Don't ya stay away too long

Come on back to the days (place) you remember

Don't ya cry for one more day

Just hear me say (I just want to say)

Don't stay away too long

A worm just met that apple

Sitting in a tree and she said:

"Oh, you're burin that hole inside of me"

Then he said "I'll break that sentence right now and set you free"

Then she said " Go, but come back again, don't stay away too long."

Now young Jessie lost her father

Round when she was three and she said:

Why, my daddy, in hell did you leave me?

You've left me empty and misguided

With eyes too young to see

I'm falling right behind ya pop

Cause you stayed away too long"

Only heaven knows the pain you've been hiding from

I don't care, no I don't mind,

I just hope you find

You've stayed away much much too long

Don't ya stay away too long

Come on back to the days we'll remember

We were young and life was kind

Now I just hope you'll find

You've stayed away much much too long
