Run go tell them Italy, run go tell them France
Run go tell America, give money in advance
Yes, me a come from the better position
Yes me a come with the inspiration

Run go tell them England, natty's taking over
One time, second time, conquering them all
Yes, me a come from the better position
Yes me a come with the inspiration

Fire, fire still it's burning up alive
Will it ever get to another man' child
Tired tired now go ask them why
Do they really love it and why they wanna try

Fire, fire still it's burning up alive
Will it ever get to another man' child
Tired tired now go ask them why
It's been eleven years and I won't testify

Peace! In this ya agony
Only we can solve this problem, only possibility

I sing about peace
Go think about love
