I've lived a lot of different lives  
Been different people many times  
I live my life in bitterness  
And fill my heart with emptiness

And now I see, I see it for the first time:  
There is no crime in being kind  
Not everyone is out to screw you over.  
Maybe, oh just maybe they just wanna' get to know ya'.

Now the time is here,  
Baby you don't have to live your life in fear  
And the sky is clear, is clear of fear

Don't wanna' live in fear and loathing  
I wanna' feel like I am floating  
Instead of constantly exploding  
In fear and loathing

Got different people inside my head  
I wonder which one that they like best  
I'm done with tryin' to have it all  
And endin' up with not much at all.

And now the time is here,  
Baby you don't have to live your life in fear  
And the sky is clear, is clear of fear  
Of fear

Don't wanna' live in fear and loathing  
I wanna' feel like I am floating  
Instead of constantly exploding  
In fear and loathing.

And when the time comes along  
And the lights run out,  
I know where I will belong  
When they blow me out.
