Everyday I feel the same,  
Stuck, and I can never change  
Sucked into a black balloon,  
Spat into an empty room  
Was it really worth it?  
Did I really deserve it?  
It happens when you're hurtin'  
It cut me out the surface  
Of my heart I'm living dead only alive  
When I pretend that I have died  
I haven't lived life, I haven't lived love  
Just a birds eye view from the sky above  
I'm dead I'm living dead Got bubble wrap around my  
heart  
Waiting for my life to start  
But everyday it never comes  
Permanently at square one  
When it's late at night  
I'm so dissatisfied  
The weight of an empty life  
Will lessen in the moonlight  
In the light I'm living dead only alive  
When I pretend that I have died  
I haven't lived life, I haven't lived love  
Just a birds eye view from the sky above  
I'm dead I'm living dead I lay back in a glittering mist  
And I think of all the men I could have kissed  
I haven't lived my life, I haven't lived love  
Just a birds eye view from the sky above I'm living dead  
only alive  
When I pretend that I have died  
I haven't lived life, I haven't lived love  
Just a birds eye view from the sky above  
I'm dead I'm living dead
