1. all of the people, living life in the ghetto,  
street got hold on em, & don't wanna let  
go, for some it's the money, be right there  
in it, you can have it all, disappear in a minute;

the streets can be a hard teacher, for those who  
don't know,  
you'll either learn real fast,  
or you just won't last;  
if you plant your mind, where you plant you feet,  
you'll find yourself livin' yeah  
livin' on a  
on a dead end street;

2. the dope man and the players make all of the  
money,  
you try to find a job, people lookin' at you  
funny, you must be crazy,  
you must be losing your mind,  
you need to find your way, back to the unemployment  
line;

the ghetto birds circling, whump whump in the night,  
sirens shriekin' in the still of the night;  
if you plant your mind, where you plant you feet,  
you'll find yourself livin' yeah  
livin' on a  
on a dead end street;  
rap:check it out homeboy,  
if you seek you shall find,  
don't grow up in the world  
with a ghetto mind;  
the players and the pimps,  
playing right in his hands,  
cause the ghetto and the streets  
both belong to the man  
standing on the corner  
trying to make ends meet  
popped by the popo, corrupt police,  
cuffed in the back seat,  
popo plant a gun on me,  
oops there i go again, right down that dead end;
