1. smokin' dope, no dope for me,  
live life free, live life for ja,  
so i say no dope for me,  
no no no no dope for me,  
no no no got to serve ja,  
no dope for me;

2. babies go hungry, welfare check gone,  
spent on cocaine, we know that's wrong,  
so i say no dope for me,  
no no no no dope for me,  
no no no got to serve ja,  
got to be free;

3. wages of sin, we know is death,  
puff on that pipe, there's nothing left,  
so i say no dope for me,  
no no no no dope for me,  
no no no got to serve ja,  
no dope for me;

adlib out:  
no dope for me, no dope for me,  
got to serve ja, got to be free,  
no dope for me, no dope for me,  
got to be free, got to be free,

so i say no dope for me,  
no no no no dope for me,  
no no no got to serve ja,  
no dope for me;

get off that dope, there's always hope,
