[Verse:]

If I told you would you wanna stay or would you turn
away
All I did was fornicate and kept it moving
But everything aint anything when you can't feel a
thing at all, no
I don't really know if I can be the man you want
But another man in my place I couldn't handle gorgeous
They're I go again, being selfish with your love
So I just stand here in the middle of love and goodbye
Waiting for your heart to call and show me
the right way, tell me I'm invited 'cause I just
don't know if you're willing to

[Chorus:]

With that said since we're here tonight I wanna
make you fall in bed love, bed love
Bed love, bed love,
Don't be mad lets be clear, tonight I wanna make
you fall in bed
Love bed, love bed, love bed, love bed
Baby I don't know something you've been
giving off
And that could be love or maybe you just wanna fuck
With that said since were here
Tonight I wanna make you fall in bed love bed, love
bed,
Love bed, love bed

[Verse:]

So I chose the show a side of me wasn't a lie (lie)
And it's all because of your modesty that loves
justified
I see the way that you look at me stop reading my mind
My heart, rewind, gotta control this one more time
I can tell you believe, you can see
All the things, that I can't, that I can't even see
wish I could, wish I could even see
But I can't and I don't know if I'll ever will
Probably 'cause I can tell when it's real
So I just stand here in the middle of love and goodbye
(in the middle of love and goodbye)

Waiting for your heart to call and show me
the right way, tell me youâ€™re invited â€˜cause I just
donâ€™t know if youâ€™re willing

[Chorus:]

With that said since weâ€™re here tonight I wanna
make you fall in bed love, bed love
Bed love, bed love,
(girl don't be mad) Donâ€™t be mad lets be clear,
tonight I wanna make you(tonight i want to make you
fall in bed) fall in bed
Love bed, love bed, love bed, love bed
Baby I donâ€™t know something youâ€™ve been
giving off
(it could be love, yeah)And it could be love or maybe
you just wanna fuck
With that said since were here
(tonight i want to make you fall in bed)Tonight I wanna
make you fall in bed love bed, love bed,
Love bed, love bed (your falling in)

[Bridge:]

Everybody needs something but everything aint
enough
And if we're living for the moment
Then we're thinking too much
If there was one thing in my life that I never had
baby itâ€™s you
and baby I donâ€™t wanna mess this up

[Chorus:]

With that said since weâ€™re here tonight I wanna
make you fall in bed love, bed love
(ooh, tonight i want to make you, don't be mad) Bed
love, bed love,
Donâ€™t be mad lets be clear, tonight I wanna fall in
bed
Love bed, love bed, love bed,(ooh i dont know) love
bed
Baby I donâ€™t know(ooh oh baby) something
youâ€™ve been giving off
(and it could be love)And it could be love or maybe you
just wanna fuck
With that said since were here
(tonight i want to make you fall in bed)Tonight I wanna
make you fall in bed love bed, love bed,
Love bed, love bed (Bed Love)
