[Verse 1:]

I happened to be cruisin around your way
To my suprise I seen Kiesha
I asked where you were, she said she hasn't seen ya
She told me you still live around the way
I'm sure she can tell from the smile on my face
I really wanted to see ya
I'm to that point in my life I need ya
Thinkin about us and what we had baby ooh
You the best I ever had
And I know it
Baby girl my pride just wouldnt let me show it
Girl I help you by takin you taken on a vacation
And maybe we can take it there if you wanna

[Chorus:]

You the beeeeest
Girl you the best
Girl you the best
Girl you the best
You the beeeeest
You the best I ever had
Best I ever had
Best I ever had

[Verse 2:]

I never thought I would feel this way
Did you think I'll come and find ya
Leavin you was a mistake and I found out the hard
waayy
Ooohh baby
None of these could be you
You got a smile that makes me feel brand new

In a way it's like we never left
But then I look your eyes I see you wonderin
If I'm a player or a cheater
If I'm a liar am I gon leave ya
I swear I'll never leave your heart again
Cause I know I'll never find nuthin better then

[Chorus:]
You the beeeeeest
Girl you the best
Girl you the best
Girl you the best
You the beeeeeest
You the best I ever had
Best I ever had
