I wanna see the women catching the wall  
Unless she got that disease no ass at all  
For the hood for the club, videos or whatever  
I got the old skool the Bentley or the porsche carrera  
Pro styling with the top on, whilin'  
Put the court down piece that I can knock off

Up in the spot sippin' on a little sumthin'  
Feeling like this stress 'bout to pop off  
Lookin' around tryin' to spot a little sumthin'  
So I'm tryin' to see what somebody's talkin' 'bout  
And then this girl, I'm gonna let my ear  
Chew a lil' bit of game, all up in my ear  
I think I found a window over here  
Home girl, it's all up in my face like

Ewwewww ew yes indeed  
All we needed is a hell of a beat like  
Ewwewww and we gon jerk 'coz I feelin' like yeah

Boom ladies you gotta move sum 'coz  
Boom the fellas wanna see you shake summin' like  
Boom we got the party gettin' crunk  
If you don't give a damn go throw it up now

No more sittin' on the wall lil' Shawty  
Start liftin' like a stone cold party  
Don't be actin' like you can't civil with me  
Everybody in the club gettin' tipsy  
Ain't this beat on fire

Fill my glass up one more time
