

## Mario "Could U Be"

Visit "[Could U Be](#)" on MotoLyrics.com

Lisa had me thinkin that she was the only one for me  
And Nikki had those angel eyes  
that changed my mind  
the day she looked at me  
Then outta nowhere you came walking in my life  
you really blew my mind  
Now I don't care about those other girls  
it's only u I need in my world baby....

*[Chorus:]*

Excuse me my cu-tie  
tell me could u be the kinda shorty just for me  
my everlasting meant to be  
(oh girl) oh girl (Mario)  
From the moment I saw u (My heart starts racing)  
and I can't let u walk away  
So won't you tell me girl (girl)  
could u the kinda cutie that I need  
My one my destiny (Mario) lil lady tell me could u be

*[Verse 2:]*

Not sayin Trina wasn't cool  
but u changed my point of view baby  
Chantel was nice sweet and everythang  
but nothin compares to u (yeaah)  
U stole my heart and I'm torn apart  
I don't wanna cause the pain girl  
I would gladly throw it all away  
for what I found in u today

*[Chorus:]*

Excuse me, my cu-tie (cu-tie uh-uh)  
tell me could u be the kinda shorty just for me  
my everlasting meant to be (oh girl) oh girl (Mario)  
From the moment I saw u (My heart starts racing)  
I can't let u walk away  
So won't you tell me girl (girl)  
could u the kinda cutie that I need

My one my destiny lil lady tell me could u be

*[Vamp:]*

Ohh u could be my summer thang  
And is it possible tell me  
have I finally, finally found u baby

*[Mario:]*

You see I've been a playa  
but I'm tired of playin  
Been waitin for a love like u  
And I'm not fakin (I'm not fakin)  
You came into my life and I feel so brand new (so  
brand new)  
I'm so thankful for u girl I swear

*[Chorus:]*

Excuse me, my cu-tie tell me  
could u be the kinda shorty just for me  
my everlasting meant to be (mmm meant to be) (oh  
girl) oh girl (Mario)  
From the moment I saw u (heyyaayy) (My heart starts  
racing)  
Can't let u walk away  
So won't you tell me girl (girl)  
could u the kinda cutie that I need  
My one my destiny lil lady tell me could u be

Excuse me, my cu-tie tell me  
could u be the kinda shorty just for me  
my everlasting meant to be (mmm meant to be) (oh  
girl) oh girl (Mario)  
From the moment I saw u (heyyaayy) (My heart starts  
racing)  
and I can't let u walk away  
So won't you tell me girl (girl)  
could u the kinda cutie that I need  
My one my destiny lil lady tell me could u be

*[Mario]*

Say u'll love it baby

*[Repeat til fades out]*
