Her voice, I can still hear it all in my head  
I can still hear the way that she said  
When she said she's leaving  
Her tears, I can still feel em all in my hands  
I can still see em from where I stand  
In her pain, I'm drowning  
But I, only have myself to blame  
don't tell me that its too late  
I think about you night and day

Yes I hurt you, I know  
Yeah I made my mistakes  
Next time I won't let pride in the way  
I will stand by your side and  
I'll stand till its right  
there's no way it should end this way  
Just don't walk away

You're on the other side of town  
I wonder what you're thinking now  
I never meant to break you down  
I'm sorry now  
One more day  
Without you by my side  
I swear its gonna make me die  
I need you to turn around, oh baby

Yes I hurt you, I know  
Yeah I made my mistakes  
Next time I won't let pride in the way

I will stand by your side and  
I'll stand till its right  
there's no way it should end this way  
Just don't walk away  
Just don't walk away  
Just don't walk away  
Ooh don't walk away girl

Every morning when I my eyes  
it's a nightmare cause baby you're not there  
No loving when I get home I'm

tired of praying alone  
Baby please  
Come back I know

Yeah I hurt you, I know  
Yes I made my mistakes  
Next time I won't let pride in the way  
I will stand by your side and  
I'll stand till its right  
there's no way it should end this way  
Just don't walk away

Yes I hurt you, I know  
Yeah I made my mistakes  
Next time I won't let pride in the way  
I will stand by your side and  
I'll stand till its right  
there's no way it should end this way  
Just don't walk away
