I want a girl that can really blow my mind, i mean  
an extraordinary one of kind, i mean  
a banging body like a CL5 double O  
but that aint all oh no

[Hook]

I need a girl thats smart, and really intelligent  
a girl with heart, somebody who dont take no shit  
and if your out there make yourself known, i mean  
because I'm looking for somebody

[Chorus]

Who will ride with me, die with me  
cry with me, live with me  
who will go with me to the end with me  
thats the kinda girl that i need.  
she dont want my money  
she just wants me only and when  
i need loving she quick to put it on me  
mami's a soldier and a roller, i mean  
and thats just that girl i need.

La dee dee la dee dee dee da de day  
if your out there girl im on my way  
la dee dee la dee dee dee da dee day  
imma find you one of these days

[2nd verse]

I want a girl that can hook up a shoe, i mean  
a Gucci sandle or them Jimmy choo's, i mean  
she could rock a pair of timbs,  
or some air force ones and still look the bomb

[Hook]

I need a girl that smart, and really intelligent  
a girl with heart somebody who dont take no shit  
and if your out there make yourself known, i mean  
because im looking for somebody

[Chorus]

Who will ride with me, die with me

cry with me, live with me  
who will go with me to the end with me  
thats the kinda girl that i need.  
she dont want my money  
she just wants me only and when  
i need loving she quick to put it on me  
mami's a soldier and a roller, i mean  
and thats just that girl i need.

La dee dee la dee dee dee da dee day  
if your out then girl im on my way  
la dee dee da dee dee dee da dee day  
imma find you one of these days

(I said i got) I got the material things  
but that don matter, i trade it all if i can have her  
perfect girl in my life that will make it right.

[Baby Cham]

I need a girl with finess look good in a dress to kiss and  
caress  
i need a woman with less drama stress no  
fethumaness  
i need a female who would know what to do when the  
cops come  
through who if things get dim she'll put on her timbs  
and role with the crew  
i need a girl who smart, who thinks with her heart when  
things falling apart  
i need a girl if i need a pint of blood, she'll donate a  
quart  
i need a lady who will trust me when im out at night  
one who when its my darkest hour shes my ray of light

she dont want my money  
she just wants me only and when  
i need loving she quick to put it on me  
mami's a soldier and a roller, i mean  
and thats just that girl i need.

la dee dee la dee dee dee da dee day  
if your out there girl im on my way
