Said i know (i got)
Said i know (i got)
i got me a good one x4

Whenever i need ya, your always there.
Your even there those times i didn't even know your
there
And whenever i call, girl you answer
Damn girl your so good i think you could be the cure to
cancer

Sometimes i cant believe that he sent you to me -oh-
I get this feeling i never had -my soul-
As sure as the sky holds the sun
Said i know i got me
I got me a good one

So baby whenever you need me
Dont hesitate to call
Cause im your friend
When you feel you got no friends at all

You can lay your head on my shoulder
You can tell me all about it
And when were done talkin
We can make love all around

Sometimes i cant believe that he sent you to me -oh-
I get this feeling i never had -my soul-
As sure as the sky holds the sun
Said i know i got me
i got me a good one

Said i know (i got)
Said i know (i got)
i got me a good one x8
