I done fucked around and let these niggas in  
Didn't play my part but I wanted to win  
Now you suffering trying to hold it in  
Still you call my name

Now I'm sitting here going crazy  
Cause I know you really really need me to  
Now the game is all turned around on you  
Gotta save you from the pain

Can't act like I don't know it (can't act like I don't know  
it)  
Cause I'm best you've ever had (I'm the best you've  
ever had)  
Can't turn around and act like what we had is over  
Cause you need me here, let me make it clear

He doesn't make you feel like I made you feel  
And when he ain't enough I'm still gone be here  
(Yeah...)  
I'm trying to show you what the truth really is  
Don't fall for them smoking mirrors (don't fall for them  
smoking mirrors)

I'm going crazy (crazy)  
Cause I know you really need me to  
Now the game is all turned around on you  
Gotta save you from the pain

I can't act like I don't know it (can't act like I don't know  
it)  
Cause I'm best you've ever had (I'm the best you've  
ever had)  
Can't turn around and act like what we had is over  
Cause you need me here, let me make it clear

La la la la la la - I know you miss me  
La la la la la laaaa - and I know you need me to  
La la la la la laaaa la la laaaa - and when I come back, I  
promise,  
I promise I'll never leave again

Now I'm here to stay and claim my place I know I was  
wrong the way I left you  
I can't even tell you what I been through, forgive me,  
no one can replace the time I left you but I did

And I wish I never did it (oooooh)  
I'm the best you ever had  
I can't turn around and act what we had is over  
cause you need me here (ooooh)

This is my letter to the game, yeah  
This is my letter to the game,  
This is my letter to the game
