so the truth is when i met ya
i knew you were no angel
i met you at this devilish spot
you were cold as ice, i swear it
had me hot to death and
i knew i had to give it a shot

and although i wasn't lookin for love
thought there was nothin for me up in the club
man i swear i hate to stare at, that sexy dairy air
let's act like we don't care and be out
hey lady

so let's just live a lie tonight
don't wanna waste no time
let's just live a lie tonight
so don't put up a fight
this ain't for our whole life
but now it feels so right
so let's just live a lie tonight

truth is i don't need to hear
how your girls drug you here
and a one night thrill for you just won't fly
lady let's just play pretend
we're long lost high school friends
just relax and let's make tonight ours

cuz i know, girl i'm not lookin for love
who'da thought you would be up in this club
you may not know me all that well
naw, i don't kiss and tell
just live a little, give it a try

so let's just live a lie tonight
let's just live a little
let's just live a lie tonight
so don't put up a fight
this ain't for our whole life
but now it feels so right
so let's just live a lie tonight

let's just live a lie

truth be told, i get it
i hope that you're not trippin
cuz i won't hold it against you, no
i won't see you no different
i'm not sayin at all
that you should give me your heart
but love has to start somewhere
and if not right here, let's live a lie

so let's just live a lie tonight (baby)
let's just live a lie tonight
girl don't you put up a fight
this ain't for our whole life
so let's just live a lie tonight

let's just live a lie
you just might like it
so let's just live a lie tonight
you just might like it (like it)
if you live a lie
let's just live a lie tonight
you might like it (oh baby)
this ain't for our whole life
so let's just live a lie tonight
you just might like it baby
