The world's spinning round I think your love's not
kneed down
So addicted to your taste, see it clear while we here
Take these keys from me please, I want more, yes
indeed
This could be start of something really bad for me
Time will tell the effects that you have on me
Your aroma hit my nose, another shot there I go
Pull you closer to my lips, you know I just can't resist
Turn my lonesome to a high, got my head up in the sky
You put me where I need to be, look what you're doing
to me, girl

It's like me it's some liquor, you're the bartender
You keep giving me shot after shot, you're making me
hot you're so hot
Girl you're making me love drunk, girl you're making
me love drunk x2
I'm getting drunk of your love

Now I know my limits but I'm just so caught up in it
Tryna to hide my emotions but girl you got me so open
You're so sweet I should have know that you would
sneak up on me
Touch me here, touch me there, when I touch you back
don't be scared
Those are the ones can't compare one hundred proof
you're not fair
It's getting so hot in here I think I need some fresh air
Sweating more through my ... you take me out of my
clothes

You drive me so worked up, I just can't get enough of
your love

It's like me it's some liquor, you're the bartender
You keep giving me shot after shot, girl you're making
me hot you're so hot
girl You're making me love drunk, girl you're making
me love drunk x2
I'm getting drunk of your love

It's like me it's some liquor, you're the bartender
You keep giving me shot after shot, you're making me
hot you're so hot
girl You're making me love drunk, girl you're making
me love drunk x2
I'm getting drunk of your love

now listen
I never met nobody like you, baby girl you got that
good good
put it on me right then you let it slow, got me love
drunk, you're the only one i love
Love drunk, love drunk x3
I'm getting drunk of your love
You got me baby.
