Girl you got to know

Somebody thats been there before

N girl you lookin at em

Oh girl you lookin at em

If you want to go there

I'm a show you how

But you cant be scared

Listen close

N pay attention

N Follow the directions

You gonna make a left

On touchin' Blvd.

When you see a Kissin St

Make a right keep straight

And go all the way

And that will run you in to good love

But you cant be scared
Listen close
N pay attention
N Follow the directions
You gonna make a left
Touch em on the thih
When you see Kissin St.
Make a right keep straight
And go all the way
And that will run you in to get love

It wont take long to get there

No lights
No traffic
Enjoy the ride girl you in my cab
And I know just what I'm doin

I'm a pro behind the wheel
Trust me I got skills
To take you where you wanna go
So before you get in

But you can't be scared
Listen close

You gonna make a left
On touchin' blvd.
When you see Kissin St.
Make a right keep straight
N go all the way
N that'll run you in to good love
