"Could U Be"

Lisa had me thinking she was the only one for me
and nikki had those angel eyes that changed my mind
the day she looked at me
now I don't know when you came walking in my life
you really blew my mind
now I don't care about those other girls
its only you I need in my world, baby

Chorus

Excuse me, my cutie
tell me could you be
the kind of shorty just for me
my everlasting meant to be(oh girl)
from the moment I saw you
my heart starts racing
I can't let you walk away
so tell me girl
could you be the kind of cutie that I need
my one, my destiny
little lady tell me could you be

Not saying Trina wasn't cool
but you changed my point of view baby
Shantel was nice and sweet and everythang
but nothing compares to you
you stole my heart and I'm torn apart
I don't wanna cause the pain
girl I would gladly throw it all away
for what I found in you today

Chrous

oohh, you could be my summer thang
and is it possible tell me have I finally
finally found you baby
I've been a playa but I'm tired of playing
been waiting for a love like you and I'm not faking
you came into my life and I felt so brand new
I'm so thankful for you girl I sweeearr

Chorus

Excuse me, my cutie
(cutie)
tell me could you be
(could you be)
the kind of shorty just for me
my everlasting meant to be(oh girl)
from the moment I saw you
(hey,hey,hey)
my heart starts racing
I can't let you walk away
so tell me girl
could you be the kind of cutie that I need
my one, my destiny
little lady tell me could you beeeayeay
