Girl you wanna know what's up  
I can truly say  
That I love you  
And we know that love is not puffed up  
So there are things in love  
That you never do  
I would never jump off a buildin'  
And survive  
And if that buildin' were burnin' up  
I'd never leave you inside  
I'd probably never live  
To see a hundred years old  
And no matter who's around  
I'd never treat you cold

(I will never)  
Lie to you baby boo  
(I will never)  
Treat you untrue no, no, no  
(They say never)  
Say what you wouldn't do, wouldn't do  
(I could say I'll never)  
I would never hurt you

So you wanna be  
Made secure  
Never give your heart unless  
You were sure  
Just wanna know  
Where I'm at?  
Me leavin' you girl  
Never that  
I could never fight  
A hundred men and win  
And I'll never know the beauty of a girl  
In a friend  
They say never say  
What you wouldn't do  
But they never been in love  
With a girl like you

(I will never)

Lie to you baby boo  
(I will never)  
Treat you untrue no, no, no, no, no, no  
(They say never)  
They say never  
(I could say I'll never)  
You can trust me when I say  
I'll never, yea, yea, yea

O, o, o, o, o  
How would you know oh  
What you would  
And would not do?  
But here is what I say  
(Here is what I say)  
Until my dyin' day  
I will never  
Stop lovin' you baby

(I will never)  
Lie to you baby boo  
(I will never)  
Treat you uncool no, no  
(They say never)  
They say never, I say never  
(I can say I'll never)  
I would never hurt you no

(I will never)  
I will never lie to you  
(I will never)  
I will never, I will never  
I will never, I will never, ohh  
(They say never)  
Girl are you listenin' to when I say never  
(I can say I'll never)  
Baby please believe me, mmm
