There aint no one else for me that I can love (love)
The way I love you ooh, girl
And, theres nobody else that can make me feel
There's nobody else but me
That's how you make me feel baby
So for that I wanna tell you I
R.e.a.l.l.y. love ya
What I'm really tryna say girl
More than anything I love ya (really love ya)
R.e.a.l.l.y. love ya
What I'm really tryna say is
More than anything i love ya (girl i really love you)
Nobody can put a smile on my face the way you do
Without even being, being in the same room
You girl, you do it to me, me oohh
And i like it baby
I like it, yeah
Girl it's the simple things you do
That's got me baby wrapped in you (wrapped in you)
I'll never, I'll never take you for granted
Cause you mean the world to me
And you should know that i really love you
