While the starlight's shining down,  
Girl make love to me

It's seven thirty on my watch  
And I got your corsage here with me  
I warm up your stars into your arms  
And you lay a kiss right on my cheek

You wanna take things slow  
I respect your wish so let's go  
Before my heart makes a scene

Flea out your door into my car  
How can I drive something so beautiful and not speed?  
Through the sign that they stop at this line  
But I yield for the time being  
And tonight's perfect  
So say I'm worth it  
'Cause I can't get your legs out of my head  
Oh baby, baby

While the starlight's shining down,  
Girl make love to me  
While the starlight's shining down,  
Girl make love to me  
To me, to me, to me (To me)  
Girl make love to me  
To me, to me, to me (To me)  
Girl make love to me

Girl, it's ten thirty on the dot  
Three hours of daylight left for me  
It's either way too hard or you're way too hot  
'Cause I gotta end this night with you on me  
I hope you entertain me past a kiss (Oh girl)  
Tonight I just can't have you leave  
When you jumped in my car you jumped in my heart

How can I drive something so beautiful and not speed?  
Through the sign that they stop at this line  
But I yield for the time being  
And tonight's perfect

So say I'm worth it  
'Cause I can't get your legs out of my head  
Oh baby, baby

While the starlight's shining down,  
Girl make love to me  
While the starlight's shining down,  
Girl make love to me

I can't just take you home  
Not after your body has lead me on  
I feel you patiently, girl, come on  
I need your love  
I need your love  
I need your love  
I need your love  
I need your love, baby!  
Don't you stop  
Just keep on loving me

While the starlight's shining down,  
Girl make love to me  
While the starlight's shining down,  
Girl make love to me  
To me, to me, to me (To me)  
Girl make love to me (I know you wanna do it baby)  
To me, to me, to me (To me) ('Cause time's running  
out)  
Girl make love to me (So, come on)

Let's stop playing games, baby  
Let's go...  
Uh, make love to me
