See what I'm about to do is,  
Step out,  
I mean,  
Just step it out a little more...

Watch me shut it down,  
I'm starting new (Yeah),  
Back to hurt 'em girl,  
I'm in the zone,  
In a way,  
I can lose,  
I'll be so 'bout you,  
Only thing you can do,  
Is get down with this dude (Yeah)...

Cashmere and bubbles baby,  
That's how i do my thing,  
Party luxurious,  
It's 'bout to go down...

When i step out,  
All the ladies watching me,  
Love my style,  
It'll never be the same girl,  
When i step out (Baby),  
Now the camera's flashing,  
In the room right now,  
I'ma do it baby when i step out...

Took a private plane from here to Rome,  
Just today,  
With some chicks i met in Barcelone,  
Ain't no faking baby,  
No mistaking how i play it,  
Shoot the movie shot in cinematic Cali...

Cashmere and bubbles baby,  
That's how i do my thing,  
Party notorious,  
I know you heard 'bout...

When i step out,  
All the ladies watching me,  
Love my style,  
It'll never be the same girl,  
When i step out (Baby),  
Now the camera's flashing,  
In the room right now,  
I'ma do it real big when I step out...

Got a thousand dollar shoes on,  
Heavy Winston jeans on,  
Top floor at the suite show,  
When i step out,  
Red carpet entrance got me,  
Smiling at paparazzi,  
Models in Maseratis,  
When i step out...

When i step out,  
All the ladies watching me,  
Love my style,  
It'll never be the same girl,  
When i step out (Baby),  
Now the camera's flashing,  
In the room right now,  
I'ma do it real big when i step out (Hey)...

The whole world's watching when I'm stepping out,  
(A little of this, Do a little bit of that girl),  
When i step out,  
The whole world's watching when I'm stepping out,  
(A little of this, Do a little bit of that girl)...

All the ladies watching me,  
Love my style,  
It'll never be the same girl,  
Now the camera's flashing,  
In the room right now,  
I'ma do it real big when i step out (Ha)...
