My cellphone it goes off  
I hit ignore  
She goes off  
Why you ain't answer?  
That's what she says  
It doesn't matter  
What's the difference?  
And now she's yelling  
Her emotions spilling  
Making a mess of us  
Now who's gon' clean it up  
Girl I ain't been misleading  
Sure ain't give you no reason  
To be tripping like you didn't see my love

That's the shit i'm talking 'bout  
You don't know what you talking 'bout  
So tell me why you acting like that  
That's the shit i'm talking 'bout  
The things that you say out your mouth  
Girl you need to know the facts yeah

The fact is that I love ya  
I don't want another  
I would rather suffer  
If I didn't have you girl  
That's the shit i'm talking 'bout  
You don't know what you talking 'bout  
You need to stop acting like that girl

I can't stand it when  
You catch an attitude  
Then you go silent  
And I can't talk to you  
It's like pulling teeth to get something out of you  
Then soon as I walk away  
You got something smart to say  
Ooh why don't you trust me baby  
What did I do to you  
I wish I could lend you my eyes  
To see what you put me through  
Girl get it out your head

Of me in another bed  
Ain't no other woman I want  
There's only you

That's the shit i'm talking 'bout  
You don't know what you talking 'bout  
So tell me why you acting like that  
That's the shit i'm talking 'bout  
The things that you say out your mouth

Girl you need to know the facts yeah

The fact is that I love ya  
I don't want another  
I would rather suffer  
If I didn't have you girl  
That's the shit i'm talking 'bout  
You don't know what you talking 'bout  
You need to stop acting like that girl

It's like there's no love without trust  
Honestly there can't be  
If you can't let go and get rid of all your insecurities

You got attitudes all the time  
Girl you must have lost your mind  
Compare me to your past  
There's no connection  
I'm your future baby  
So stop tripping tripping  
That's the shit that's the shit  
I'm talking 'bout yeah yeah  
You need to stop tripping tripping  
That's the shit that's the shit  
I'm talking 'bout yeah yeah yeah

That's the shit i'm talking 'bout  
You don't know what you talking 'bout  
So tell me why you acting like that  
That's the shit i'm talking 'bout  
The things that you say out your mouth  
Girl you need to know the facts yeah

The fact is that I love ya  
I don't want another  
I would rather suffer  
If I didn't have you girl  
That's the shit i'm talking 'bout  
You don't know what you talking 'bout  
You need to stop acting like that girl

You always talking that shit  
I'm your man so I listen to you talking that shit  
Oh baby yeah  
Not going nowhere  
Girl you gotta know  
Have your facts right
