(Intro)

I think this ones for the radio
oh oh

When the after party is over
And everyone around us is leaving
That's when I want you to come closer
Cause your the only one that im needing
So when the after party is over
And for no particular reason
I want you to pull me in closer
And tell me that tonight you aint leaving

(Verse 1)

Its 2:30 and it seems like everybody is about to leave
And I can see you reaching out for me
Without a single word I know just what your thinking
oww
I'm hoping you can stay a little while longer
Cause I like to see that there's chemistry between you
and me
I'm pretty sure we'll make that good old kind of love

(Chorus)

When the after party is over
And everyone around us is leaving
Tha's when I want you to come closer (thats when I want
you girl)
Cause your the only one that im needing
So when the after party is over
And for no particular reason
