Feels too good to be back
too sexy baby, let go!
everytime i see you, you got some gucci on
and if it ain't that gucci then girl louis vuitton
but you don't need all that cause baby you
can't do no wrong
and even if you had nothing you still tur turn me on
girl you got a million dollar frame, you don't need a
thing
why you wear buckles out of name they don't mean
a thing
baby take them off
baby take them off!
too sexy for your shirt
too sexy for your shoes
too sexy for you weed
even though you looked good
you know i got that eyes when i see you down
gotta make you mine,
every nigga in the hood they like
too sexy for your shirt
too sexy for your shoes
too sexy for them jeans even though they fit good
don't you know you're too sexy, too sexy, too
sexy
why you dont listen, ive been telling you all along
that you ain't got no business out here shopping at
the mall
i never saw your body, you got it, don't get me
wrong
shawty put it on so that i can take it off!
girl, you got a million dollar frame
you don't need a thing
why you wear a buckle out of name
they don't mean a thing to me, take 'em off
baby take 'em off!
too sexy for your shirt
too sexy for your shoes
too sexy for you weed
even though you looked good
you know i got that eyes when i see you down
gotta make you mine,

every nigga in the hood they like
too sexy for your shirt
too sexy for your shoes
too sexy for them jeans even though they fit good
don't you know you're too sexy, too sexy, too
sexy
lay down, let your jeans fall off
let me hold my hand
i wanna rub your body down
you don't need 'em, you could take them down
(take it off, take it off)
take it off for me!
(take it off, take it off)
cause girl you're too sexy for your shirt
too sexy for your shoes
too sexy for you weed
even though you looked good
you know i got that eyes when i see you down
gotta make you mine,
every nigga in the hood they like
too sexy for your shirt
too sexy for your shoes
too sexy for them jeans even though they fit good
don't you know you're too sexy, too sexy, too
sexy
