Baby, baby
I think Chris might have said it best
When he said the beautiful ones - they hurt you every
time
She's the reason for all my stress
And yet she's the only one that can truly ease my mind
And I think that we could be alright
With the way the we just chill
How she touch me and how she kiss yea
If it wasn't for her other guy
I can't stand to think that he's getting the same lovin
that I get

So tell me what is it gonna to be?
Make a decision
There's just one rule
Tell him that you want me
I know what I want
Girl I want you
What is it gonna to be?

Ooh, I can't get enough
Make your mind up
Let me know what you want
Not complaining
Ok, I am
Wanna be your man
But he's in the way
So I can't understand

And I think that we could be alright
With the way the we just chill
How she touch me and how she kiss me
If it wasn't for her other guy
I can't stand to think that he's getting the same lovin
that I get

So tell me what is it gonna to be?
Make a decision
There's just one rule
Tell him that you want me
I know what I want

Girl I want you
What is it gonna to be?

And it's hard to see you happy
It's Probably cuz you just left him
And that's so unfair to me
Only if you could get rid of him we could be happy
Baby let me know

What is it gonna to be?
Make a decision
There's just one rule
Tell him that you want me
I know what I want
Girl I want you
What is it gonna to be?

Baby, baby, babyÂ...
