Do you want me to stay
Really want me to stay
In our world with no wisdom, staying strong
Do you want me to stay
Do you want me to stay
Though we're throwing it away
Do you want me to stay

I think we're getting too comfortable
But this ain't the way, this can't go on - no
We've been dwelling here way too long
Clinging to our illusion of shelter
Journeying with you, hand in hand
But passion once strong now's almost gone... (oh)
I am holding you close to me
but what do we do, when we're drifting away

Tell me what we feel is still love
Tell me if it's still "our" love
Tell me you believe that we should stay
Do you think we could find a way... a way...

Do you want me to stay
Really want me to stay
Baby please show me a reason
What more can I say
If you want me to stay
Baby this ain't the way
I won't pay with our love, no-one play with our love

Hold me, kiss me, make me / believe
That we can turn back time... coz I know babe
Though I'll miss the way / that we / touch
I'll never be that way... again

Baby
Nobody can turn back time
And time has changed everything
This tough of war between love and complacency
In love only the warriors win
Can we win back our love in time

Tell me what we feel is still love
Tell me if it's still "our" love
Tell me you believe that we should stay
Do you think we could find a way... a way...

(hold me / kiss me / make me / believe / do you / want
me /
to stay / really / want me / to stay...)

Babe we are drifting away from love
This ain't this can't go on - no
We've been stalling here way too long
Clinging to our illusion of shelter
We've gone through life hand in hand
But, now let's admit, time to move on - oh
You are holding me close to you
But both of us know that we're drifting away...
