I sit and listen  
I hear all the bad things happening all around me  
The killing sprees;  
People losing their families  
For no reason  
I just can't believe

Do they not know you?  
Any love for you  
So many dying now  
So sick of crying; help me  
Will it ever change?  
Calling on your name  
You're the safest place for me

I wanna fly like a bird  
Above all the waves  
Above all the stars  
Above all the clouds  
I wanna fly like a bird  
Away from this evil we live in everyday  
I wanna fly like a bird, a bird, woah  
I wanna fly like a bird, a bird, oh  
I wanna fly like a bird, a bird, woah  
I wanna fly like a bird, a bird, a bird  
I wanna fly like a bird.

What'd I get if I make it?  
When I see how hard it gets, I just can't take it  
Wish I could find a way  
I would just escape it  
I'd find a way to be with you everyday  
It's the safest place for me

Do they not know you?  
Any love for you  
So many dying now  
So sick of crying; help me  
Will it ever change?  
Calling on your name  
You're the safest place for me

I wanna fly like a bird  
Above all the waves  
Above all the stars  
Above all the clouds  
I wanna fly like a bird  
Away from this evil we live in everyday  
I wanna fly like a bird, a bird, woah  
I wanna fly like a bird, a bird, oh  
I wanna fly like a bird, a bird, woah  
I wanna fly like a bird, a bird, a bird  
I wanna fly like a bird.

Can you save me from this misery?  
I wanna mount up my wings like an eagle  
I wanna fly away to a better place  
No matter how far,  
I wanna be where you are

Do they not know you?  
Any love for you  
So many dying now  
So sick of crying; help me  
Will it ever change?  
Calling on your name  
You're the safest place for me

I wanna fly like a bird  
Above all the waves  
Above all the stars  
Above all the clouds  
I wanna fly like a bird  
Away from this evil we live in everyday  
I wanna fly like a bird, a bird, woah  
I wanna fly like a bird, a bird, oh  
I wanna fly like a bird, a bird, woah  
I wanna fly like a bird, a bird, a bird  
I wanna fly like a bird.
