Poison

Gonna take a long time to get over you  
Love's poison addiction offers me no rescue  
Gonna be a hard road back to where I started from  
'Cause you touched the deepest part of me and filled  
me  
With your song  
And I sang along

I believe in you and what you gotta do  
But what you're goin through is poison,  
Poison to the two of us  
Used to stand so tall  
Til I took the fall, greatest fall of all  
Was when I fell for you  
Our cloudy skies held lonely forms  
Your anger familiar thick as air before a storm  
Now lookin' back I know the truth was plain to see  
I built my world around you cause I  
I needed to believe  
And I still believe

Time & time again we tried so hard to win  
But the pleasures of a foolish paradise  
Is nothing but a sin
