Oh, avalanche in apartment B
Everywhere white's what I've seen
I've never lived alone so near the ocean breeze
I can finally afford high anxiety

Reach up, cold air hits your hands
Snow packs like cement you can't stand
Remain calm while rescue makes plans

Oh, avalanche in apartment B
All at once a weight dropped on me
Sweating at the bar fifteen minutes ago
We were yelling our heads off
Now I'm surrounded by snow

Reach up, cold air hits your hands
Snow packs like cement you can't stand
Remain calm while rescue makes plans
The earth must contract and expand
