Even if it's who you really are
You really are
You wanna feel wanted
And even if it's true you really are who
You really are

Then I look above you
I'm out of revive, some ... has washed
Away in the rain
I can't wait to see what you become
When you became

And even when you loose
You pushed us up,
You pushed us up
A little farther
Reminded me of who is
I'm not enough,
As I'm not enough
In ... parler,

I don't even know who's side I'm on
Oh but it's sad to say
I can't wait to see what you become
When you became

And even if it's you who read it all
You read it all
You only brought up
Couple in your blues, can't wake up
And ...for,
Someone struggle
Nobody's to blame, can't use force
To take me court
Cause I couldn't love you
Nobody could you use you
If you want used, use you if you want
I ain't a fun
But I'm out of revive, some ... has washed
Away in the rain
I can't wait to see what you become

When you became

And even know it's late

The promise stands

It doesn't fade

And even if it's true, you I feel fine

The best late plans

You fall around broken all around you now

Oh I can't hear you

I am finding too late

No I can't hear you

Did you say that you're happy for me?

Did you say, did you say?

Did you say that you're happy for me?

Did you say, did you say?

Did you say that you're happy for me?
