The sun is rising so late, it's early  
I have spread myself too thin again  
To catch the bottom, make my guilty party  
Made in the solitude of comfortable friends

Father make believe for your daughters  
Mother take it easy on your sons  
It's just a balance like a tightrope walker  
But for now you've got to keep them young

My solitude it makes me softer  
My suffering is not in vain  
My depression seems how much longer  
Will I have to wait to see you were free from pain

Chorus:(x3)

Father make believe for your daughters  
Mother take it easy on your sons  
It's just a balance like a tightrope walker  
But for now you've got to keep them young
