All my windows were barred
The sun made stripes of shades
I was sitting 'round like a zombie
Feeding my own face

I was carrying my cheek
I was digging my strange
I was taking you for granted
You were holding the rains

But I can hear you louder than ever
Whisper to me, help me remember
I can't see you but we're still together
Now I can hear you louder than ever

It's a slippery slope
Like that mousetrap game
Inside my tunnel vision
You slept on my train

But I can hear you louder than ever
Whisper to me, help me remember
I can't see you but we're still together
Now I can hear you louder than ever

I don't wanna ignore
You were the past of my feelings
We're probably gonna get out of this
Just hear me out anyway

The darkness snuck in
And now I'm doubting all my promises
Don't try to pull me out of this
Just lay down by me and wait

'Cause I can hear you louder than ever
Whisper to me, help me remember
I can't see you but we're still together
Yeah, I can hear you louder than ever

Now I can hear you louder than ever
I can hear you louder than ever

I can hear you louder than ever
I can hear you louder than ever
