You were changing colors like the leaves in fall
I was savin' up for the long winter
Summers went high out of my car
When they broke down, we didn't care
We'll figure out another way to get me there

Mine is yours
What is mine is yours
What is mine is yours
What is mine is yours

The realistic love runs out of room
I try to talk back but my mouth don't move
'Cause I don't own the sun, I don't own the moon
They only come out when they want to
They don't care whether I promise you

They only come out when they want to
They don't care whether I promise

What is mine is yours
What is mine is yours
What is mine is yours
What is mine is yours

You wanna fight about it
You wanna fight about it
You wanna fight about it
Come on, come on

I made you cry about it
I made you cry about it
I made you cry about it
Come on, come on

But there was no other way
To let you in here to stay

We had to give it away
Come on, come on

And we'll be comin' for it
And we'll be comin' for it
And when we come up
Now we'll know

All my stones become your pearls
All of my trials are your treasures
All my debt, you inherit
All my clumsy lines will shine

'Cause mine is yours
What is mine is yours
What is mine is yours
What is mine is yours
What is mine is yours
What is mine is yours, is yours, is yours
