Why would I make that face? oh, why would I?
Why would I test my faith? oh, why would I?
Oh, whoa, I see that rain cloud coming right for me

Why would I say my name? oh why would I?
When I'm so far away? oh why would I?
Oh whoaa I guess I've always been a bit of a fighter

Chorus

From now on wear my love for you loose
From now on I am just passing through
From now on just my feeling is true
From now on call me Royal Blue
oooh

Why would I stick around? oh why would I?
Why would I get burned out? oh why would I?
Oh, whoa for me I'm always waiting in shadows
Oh, whoa for me I'm always looking for a way out

Chorus

From now on with the sky as my roof

From now on let the risk lead me, too
From now on somewhere I never knew
From now on call me Royal Blue

guitar solo

Hey .. yeah yeah yeah yeah

Chorus

From now on fly as high as I want
From now on I'll show my weak spot
From now on in all that I do
From now on call me Royal Blue

From now on wear my love for you loose
From now on I am just passing through
From now on just my feeling is true
From now on call me Royal Blue
