There are heroes and angels  
who watch over us  
There are people we meet in life  
who touch us  
You have shown me the meaning of love  
without hurt  
Now when I look around me I see  
Another world

There were days when I was afraid  
of being myself again  
There were nights that I stayed awake  
to keep me from dreaming

Va' Pensiero sull'ali dorate  
Now when I look around me I see  
Another world

With no fear I can fly  
You're still with me when I close my eyes  
Even when there are oceans between us

With no light I can see  
You make it easy to believe  
Now I've found your love,

for me that's enough...

So as heroes and angels watch over us  
There's a place we can go  
no one can touch us

You have shown me the meaning  
of love without hurt  
Now when I look around me I see  
Another world

With no fear I can fly  
You're still with me when I close my eyes  
Even when there are oceans between us

With no light I can see

You make it easy to believe  
Now I've found your love,  
for me, that's enough...

Another World...
