duet featuring Alejandro Fernandez  
Music: Roberto Benozzo / Lyrics: Danilo Ballo

Cuanta tierra he recorrido  
y cuanto he vista ya  
aeropuertos y estaciones y gente de ciudad  
que se marchaba de prisa cada cual con su destino  
y detr?s de las miradas  
Un pensamiento...

Hay m?s, mucho m?s  
y no s? donde encontrarlo  
Hay m?s, mucho m?s  
de esta monoton?a

?Por donde nace la locura?  
?Por qu? existe el amor?  
y adem?s de su apariencia  
?Qu? es la vida?

Al otro lado de ti, de lo que ves  
del rojo del atardecer  
del mar y de la lluvia  
Hay mucho m?s por saber  
Y lo sabr?s, si cada dia que vendr?  
lo dejar?s crecer en ti

Hay m?s, mucho m?s  
de todo lo que te ense?an  
hay m?s, mucho m?s  
Por ti mismo descubrir?s

?Por qu? la piedad se rinde frente a un ideal?  
?Por qu? tantos pensamientos, cuando se podr?a  
hablar?  
Cuanta fuerza necesita, tu te preguntar?s  
Si te bastar? una vida para aprender que

Al otro lado de ti, de lo que ves  
del rojo del atradecer  
del sol y del viento

Hay mucho más por saber  
Y lo sabrás, si cada día que vendrá  
Lo dejaré crecer en ti

de todo lo que te enseñan  
Por ti mismo descubrirás

How much ground I've traveled  
How much life I've seen  
Airports and train stations, city people in a hurry  
Everyone with their own destiny  
And behind all those glances  
A question...

There's more, much more  
But I don't know where to find it  
I want more, much more  
Than this monotony

Where does madness come from?  
What's the reason for love?  
And beyond appearances  
What is life?

On the other side of you, beyond what you see  
Besides the scarlet sunset  
Besides the sea and rain  
There's more to understand  
And you'll get to it if every day that passes by  
You'll let the answer grow inside you

There's more, much more  
Than all they teach you  
There's more, much more  
You'll find out for yourself

For pity gives up faced with an ideal  
Why keeps so many secrets, when we could talk them  
over?  
Why require so much effort? You could ask yourself  
When you have a whole life to learn that

On the other side of you, beyond what you see  
Besides the scarlet sunset  
Besides the sun and wind  
There's much more to understand  
And you'll get to it if every day that passes by  
You'll let the answer grow inside you

Than all they teach you

You'll find out for yourself
