Ooh, ohh  
Hey there, my baby  
I was hoping you could stay around a little longer  
Things between us have been so confusing  
I want to make this stronger  
I love you, I do  
But there's a new flame heating up  
You're the best boyfriend  
He's the best friend  
I want to blow up

He treats me like I'm worthless  
And you love me through thick and thin  
And this is just another thing I don't want to get in

I want to be with the both of you (ooh)  
But everything is just bad timing  
He's always trying to ruin my flings  
I love you, I do  
But this can't continue  
I guess I will have to choose  
But for now, I'm torn between two

Everything's different  
Because he got in the way  
I've chosen to part,  
And brighten my day  
I see clearly now  
That he was no good  
But every now and then  
I will put up my hood  
And cry out the loss of a friend  
But I'll always have you  
And you'll help me mend

I want to be with the both of you (ooh)  
But everything is just bad timing  
He's always trying to ruin my flings  
I love you, I do  
But this can't continue  
I guess I will have to choose

But for now, I'm torn between two

And this is not something I wanted to start  
But knowing him for such a long time, I couldn't part  
Now everything seems clear to me  
I love you, baby, never set me free

want to be with the both of you (ooh)  
But everything is just bad timing  
He's always trying to ruin my flings  
I love you, I do  
But this can't continue  
I guess I will have to choose  
But for now, I'm torn between two  
(x2)
