Tonight was just a masquerade
Tomorrow just another day
Let come whatever
Tonight or never
I'll through the mask away

Beloved with all my heart I love you
With every breath I pray some day
You will be mine
Summer or spring
Winter or fall
You are my life
My love my all

Beloved
The very stars above you
Are jealous of the way your eyes
Sparkle and shine
Day after day near or apart
I try to say be still my trembling heart

But try though I may I cannot hide
This passion inside
That won't be denied
This is be madness
Then it's all in madness
I never know I'll never rest
Till you are mine
Beloved believe me when I tell you

From now until the last bright star
Fades from the blue
Now and forever
Whatever I dooooo
Beloved I lovvveee yooooooooooooooooo
