Justine it's only me out here standin' outside your door
tonight
I took a chance and stopped and knocked when I saw
your light
I know you think I'm drunk or I'm crazy but I had to talk
to you
To help you to see you don't know me as well as you
think you do

I got more in this heart of mine, way more than you'll
ever find
In all those boys who hang around your door
More love than you've ever known, more strength than
I've ever shown
Whatever it is you think you're lookin' for, I got more

You look at me and see an old plow boy, hey baby
that's okay
I'm proud of my roots, my muddy boots, I grew up that
way
Girl, if you dig a little bit deeper I think you'll be
surprised
Give me some time, some of your time, I'll prove it here
tonight

That I got more in this heart of mine, way more than
you'll ever find
In all those boys who hang around your door
More love than you've ever known, more strength than
I've ever shown
Whatever it is you think you're lookin' for, I got more

More time to spend with you, more faith to hold on to
And more life than you ever thought you'd live
More fire, more soul, more tenderness than I show
But baby when you think that's all there is, I got more
Mmm, I got more, yeah, mmm yeah
