It's just a home
She's just a woman
They're both just gone
My heart is only broken
It ain't nothing but a thing
I just forgot to love her
Only shattered her dreams
Just put everything above her

Makin' nothing out of something
Wrong out of so right
Made lonely out of loving
And a wreck out of my life
Makin' hell out of heaven
I lost a good hand I was dealt
Makin' nothing out of something
And a fool out of myself

Its only love
She just gave me all I needed

She just wanted us
She only begged and pleaded
I just couldn't see
No I just wouldn't listen
It only cost me everything
I just didn't pay attention

Makin' nothing out of something
Wrong out of so right
Made lonely out of loving
And a wreck out of my life
Makin' hell out of heaven
Yea I lost a good hand I was dealt
Makin' nothing out of something
And a fool out of myself

Makin' nothing out of something
And a fool out of myself
