Every now and then i think about you babe

You are the only who eva took the time

You would always let me know what's on your mind
Even though i kno u had ur doubts baby

1so i find myself rememberin your smile
Girl you know that you drive me wild

Sed im waitin here 4 ur kiss

The way u loved me that's what i miss

2every now and now i think of how u made me feel

Every now and then i think of how we were so real
I never wanted our love to ever hav to end

So i think about you every now and then

Every now and then i reminisce on times you stayed
with me till the sun would rise

i can never 4get what we we had togetha

And how they say a true love never dies
