When I talk to you my love
I like it when you understand
When you want me close to you
I like to be as close as I can
Wherever we go together
This is how I wish it would be
If I would speak and a word it all
Cause I've had
They would know that you're in love with me

Long days, cold nights
Need love to make me feel right
Long walks goin' nowhere
Doesn't matter as long as you're there
Need love to make me feel right
Long walks goin' nowhere
Long days, cold nights
Doesn't matter as long as you're there

It's been a while
Since I've had someone to care
Now the wait is over
Cuase I feel love is in the air
It's been a while
Since I've had someone to care
You know love is in the air
Now the wait is over

I'm closin' in on a special love
I wanna share everything with you
And nothing's gonna get me down
Whatever goes on with me
There would never be a thing to lie
I enjoy having you around
When I know that you are by my side
Rough times don't seem to turn back

Cause I've had
Long days, cold nights
Need love to make me feel right
Long walks goin' nowhere

Long days, cold nights
Doesn't matter as long as you're there
Need love to make me feel right
Doesn't matter as long as you're there
Long walks goin' nowhere

It's been a while
Since I've had someone to care
Now the wait is over
It's been a while
Since I've had someone to care
Cuase I feel love is in the air
You know love is in the air
Now the wait is over

It's been a while
Time pass by so slow
Anything is possible
Girl I wanna let you know
I love you so I love you so
